In ancient Japan, Yamataikoku, the strongest country under the Queen Himiko ruled over two hundred little counties except the barbarians of Kuna. Numerous soldiers of Yamataikoku perished in the battle against Kuna.

*The prophecy of Himiko has lost effect.
WHY?*

Seven years ago, Himiko bore a daughter, named Iyo.

Since ancient time it is said that even a great virgin prophet losses the power to predict the future when she loses her virginity.

Yuminahiko, Himiko's brother opposed to Himiko violently on the secret of Iyo's birth.

*Who got Himiko with child? Who is the real father of Iyo?
What will be Yamataikoku's fate!*
